

Community of Christ African American Ministries

Our Mission

By celebrating our heritage and diversity, we will build greater understanding of how we are strengthened by sharing in worship and community with one another.

Education and Training

Develop, implement and promote training and educational experiences that are designed to support individuals, priesthood, leadership development, ministry and congregational enrichment.

Networking and Communications

Share information of missionary stories, international church events, testimonies, ministry development, worship resources and current congregational highlights from around the country that exemplifies or impacts cultural diversity.

Congregational Development

Create, share and promote models of ministry that support diverse worship, preaching, cultural inclusiveness and reconciliation of communities.
