

Jurisdictional Endowment Fund

The Jurisdictional Endowment Fund can be used by any jurisdiction of the church (mission center, congregation or emerging congregation) or related entity (campground, etc.) to establish and maintain an endowment fund. Laws and accounting requirements for endowment funds are stringent and require careful attention. In addition, donors will have high expectations their contributions will comply with any restrictions and will expect continuous and detailed management of endowment funds.

Through the Jurisdictional Endowment Fund, the World Church provides an opportunity for qualifying local jurisdictions and related entities to benefit from endowment funds while reducing many of the costs associated with establishing and maintaining a separate endowment fund. Jurisdictions of the church and related entities that would otherwise find it impractical or impossible may form an endowment fund if they choose to do so and benefit from economies of scale. The World Church will maintain the records and hold the assets of each jurisdiction in trust for the use and benefit of each individual jurisdiction.
