

**Imagine** wanting to share the peace of Jesus Christ so passionately that 20 people cram into a tiny apartment that is only the size of a bedroom. For Community of Christ members and friends in Russia and Ukraine, having a comfortable building with room enough to worship, fellowship, and host activities is only a dream. You can change that. Your gift will help to reach thousands of souls who are desperate to come, be changed, and discover the hope of the gospel.

*Places of Peace: Russia to Ukraine* is a designated giving initiative that will assist in providing sacred spaces for three Russia and two Ukraine congregations to worship, provide social ministry, and experience the peace of Jesus Christ. Buildings will be purchased and converted into sacred spaces. Russia and Ukraine church members will provide much of the labor to renovate the interiors.
